National Oceanic and Atmospheric Administration

Solicitation for Members of the NOAA Science Advisory Board; Correction

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Office of Oceanic and Atmospheric Research (OAR), Department of Commerce (DOC).

ACTION: Notice of solicitation for members of the NOAA Science Advisory Board; correction.

SUMMARY: On October 17, 2018, NOAA published a notice in the Federal Register soliciting nominations for members of the NOAA Science Advisory Board (SAB). The closing date for receiving nominations in that notice was incorrect. This document corrects that date to November 30, 2018.

DATES: The closing date for receiving nominations for the notice published October 17, 2018, at 83 FR 52417, is corrected. Nominations must be received by November 30, 2018, and should be sent to the web address specified.

ADDRESSES: Applications should be submitted electronically to noaa.sab.newmembers@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Dr. Cynthia Decker, Executive Director, Science Advisory Board, NOAA, Rm.

11230, 1315 East-West Highway, Silver Spring, Maryland
20910. (Phone: 301-734-1156, Fax: 301-713-1459, Email:
Cynthia.Decker@noaa.gov); or visit the NOAA SAB Web site at
<http://www.sab.noaa.gov>.

SUPPLEMENTARY INFORMATION: NOAA is soliciting nominations for members of the NOAA Science Advisory Board. The SAB is the only Federal Advisory Committee with the responsibility to advise the Under Secretary of Commerce for Oceans, Atmosphere, and NOAA Administrator on long- and short-range strategies for research, education, and application of science to resource management and environmental assessment and prediction. The SAB consists of approximately fifteen members reflecting the full breadth of NOAA's areas of responsibility and assists NOAA in maintaining a complete and accurate understanding of scientific issues critical to the agency's missions.

The notice that published October 17, 2018, incorrectly established November 16, 2018, as the closing date for submitting nominations. This notice corrects that date to November 30, 2018, as originally intended.

At this time, individuals are sought with expertise in cloud computing, artificial intelligence and data management; weather modeling and data assimilation;

remote/autonomous sensing technology; ocean exploration science and technology; and 'omics science. Individuals with expertise in other NOAA mission areas are also welcome to apply.

Composition and Points of View: The Board will consist of approximately fifteen members, including a Chair, designated by the Under Secretary in accordance with FACA requirements.

Members will be appointed for three-year terms, renewable once, and serve at the discretion of the Under Secretary. If a member resigns before the end of his or her first term, the vacancy appointment shall be for the remainder of the unexpired term, and shall be renewable twice if the unexpired term is less than one year. Members will be appointed as special government employees (SGEs) and will be subject to the ethical standards applicable to SGEs. Members are reimbursed for actual and reasonable travel and per diem expenses incurred in performing such duties but will not be reimbursed for their time. As a Federal Advisory Committee, the Board's membership is required to be balanced in terms of viewpoints represented and the functions to be performed as well as the interests of geographic regions of the country and the diverse

sectors of U.S. society.

The SAB meets in person three times each year, exclusive of teleconferences or subcommittee, task force, and working group meetings. Board members must be willing to serve as liaisons to SAB working groups and/or participate in periodic reviews of the NOAA Cooperative Institutes and overarching reviews of NOAA's research enterprise.

Nominations: Interested persons may nominate themselves or third parties.

Applications: An application is required to be considered for Board membership, regardless of whether a person is nominated by a third party or self-nominated. The application package must include: (1) the nominee's full name, title, institutional affiliation, and contact information; (2) the nominee's area(s) of expertise; (3) a short description of his/her qualifications relative to the kinds of advice being solicited by NOAA in this Notice; and (4) a current resume (maximum length four [4] pages).

Dated: October 22, 2018.
